Introduction

An **AQSE Corporate Adviser** plays a key role in preparing and assessing the suitability of companies for **admission** to the **AQSE Growth Market** and providing ongoing support in relation to their **client companies'** regulatory responsibilities. This Corporate Adviser Handbook ("**Handbook**") sets out the requirements which apply to an **AQSE Corporate Adviser** for this purpose.

The Aquis Stock Exchange is a UK **recognised investment exchange ("RIE")**. This **Handbook** applies to one of the markets it operates, known as the **AQSE Growth Market**. The **AQSE Growth Market** is a primary market with a regulatory environment designed to meet the needs of small and mid-cap **issuers** wishing to obtain a quotation on a public market to access growth capital. **AQSE** has adopted a regulatory framework for this market, based on a set of disclosure rules, known as the **AQSE Growth Market - Rules for Issuers ("AQSE Growth Market Rules")**, which balances flexibility for small companies with appropriate investor safeguards. Foremost among these safeguards are the obligations placed on **AQSE Corporate Advisers**.

The first part of this **Handbook** sets out the criteria that an **applicant** firm is required to satisfy in order to be approved as an **AQSE Corporate Adviser**. The second part sets out the ongoing responsibilities of an **AQSE Corporate Adviser** in relation to the companies for which it acts.

This **Handbook** should be read in conjunction with the **AQSE Growth Market Rules** and the **AQSE** Disciplinary Procedures, a copy of each of which can be found on the **AQSE** website www.aquis.eu/stock-exchange/rules-and-regulations/document-library

The **AQSE Growth Market** has a dedicated regulatory team which is available to discuss these initial and ongoing requirements and can be contacted by email at aqse@aquis.eu

The **Handbook** sets out rules that create binding obligations for **AQSE Corporate Advisers**. Accordingly, **AQSE** may impose disciplinary sanctions in cases of breach.

Guidance Notes are not binding in their own right but have interpretative and explanatory value in relation to a rule. Guidance Notes may specify practices tending to establish compliance with a rule. Guidance Notes are intended to address particular aspects of a particular rule rather than to be an exhaustive description of an **AQSE Corporate Adviser's** obligations.

PART 1

Application to become an AQSE Corporate Adviser

General

1. This **Handbook** sets out rules for **AQSE Corporate Advisers**.
2. The approval of an **application** for **AQSE Corporate Adviser** membership shall be at the sole discretion of the **Exchange** and is separate to any legal or regulatory authorisation required by an **applicant** in any jurisdiction in which it operates. The **Exchange** may reject an **application** which otherwise appears to meet the membership criteria if, in its opinion, approval of the **applicant** would be likely to impair the integrity of **AQSE** or the interests of investors.

Application Form

3. An **application** should be made using the application form available on the **Exchange** website at www.aquis.eu
4. The submission of an **application** for membership shall, assuming the **application** is approved, constitute the **applicant's** agreement to adhere to the requirements of the **Handbook** (as amended or extended from time to time) as well as **AQSE market notices** and any other the **Exchange** regulatory provisions, explicitly stated as applicable to **AQSE Corporate Advisers**, promulgated from time to time.

Application Fees

5. At the same time that a completed **application** to become an **AQSE Corporate Adviser** is provided to the **Exchange**, the **applicant** must submit the appropriate fee in order for its **application** to be processed. This fee is non-refundable in the event that an **application** is not approved.

Guidance note on paragraph 5

The current **application** and annual fees applicable to **AQSE Corporate Advisers** are set out in the fees schedule on the **Exchange** website.

Suitability of applicant

6. The **Exchange** will not grant membership to an **applicant** unless it determines that the **applicant** is fit and proper to perform its proposed activities. The **Exchange** will have regard to any matters adversely affecting the **applicant's** reputation (or likely, in the opinion of the **Exchange**, to have that effect), including (but not limited to) any failure by the **applicant** or any company in the group of which it forms part to comply with any legal or regulatory requirement to which it is subject, or any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened).

7. The **Exchange** will usually take into account whether the **applicant** is authorised to perform its corporate advisory function under the rules and regulations of its prescribed regulatory supervisory body and, for firms which are **FCA** authorised, the number of individuals registered by **FCA** to perform the relevant customer function in relation to corporate finance advice.
8. The **Exchange** will assess the financial and business standing (including any independent risk rating) of the **applicant**. In this connection, the **Exchange** will have regard to the **applicant's** financial position as shown by its last financial statements and, where appropriate, of the group of companies of which it forms part. For the avoidance of doubt, in cases where an **applicant** does not file public accounts, the **Exchange** will treat financial information provided by such **applicant** in strict confidence.
9. The **Exchange** will require confirmation that the **applicant** has appropriate professional indemnity insurance cover in relation to its corporate advisory activities.

Requirement for Competent Employees

10. An **applicant** shall demonstrate to the satisfaction of the **Exchange** that it has an appropriate number of full-time employees with authority to make decisions on behalf of the **applicant** and who can demonstrate to the satisfaction of the **Exchange** that they have adequate knowledge and experience of relevant regulatory requirements and processes and in particular those pertaining to the **AQSE Growth Market**.
11. In determining whether staffing levels are adequate the **Exchange** will have regard to the number and type of **client issuers** of the **AQSE Corporate Adviser**, other corporate finance activities undertaken by the **applicant**, and their imminent plans in terms of corporate finance activity.
12. In addition, there must be adequate arrangements for dealing with the absence or incapacity of such employees.
13. As part of the **application** procedure, an **applicant** will be required:
 - a. to provide details of at least two (2) key corporate finance personnel who have practiced as a corporate adviser for at least two (2) years preceding the date of **application** for **AQSE Corporate Adviser** membership and who will be involved in carrying out the corporate adviser function; and
 - b. demonstrate to the satisfaction of the **Exchange** that all key corporate finance personnel have sufficient qualifications and experience of:
 - i. transactions relating to publicly traded companies (ideally involving the production of a public document), having regard to any specialist sector in which their **client issuers** are involved; and
 - ii. the provision of continuing regulatory advice on the rules of public markets, either with the **applicant** or in a similar role at another firm.

Guidance note on paragraph 13

With regard to paragraph 13a, the **Exchange** will consider whether each of the key corporate finance personnel has the skills, knowledge and expertise necessary to:

- a. provide corporate adviser services in accordance with the **Handbook**;
- b. understand:
 - i. the rules and guidance directly relevant to corporate adviser services;
 - ii. the due diligence process required in order to provide corporate adviser services in accordance with the **Handbook**;
 - iii. the responsibilities and obligations of an **AQSE Corporate Adviser** in accordance with the Handbook; and
 - iv. specialist industry sectors, if relevant to the corporate adviser services it provides or intends to provide.

With regard to paragraph 13a, the **Exchange** may consider whether any of the key corporate finance personnel have had material involvement in (i) assisting issuers applying for admission to trading on an EU (or equivalent) public market in the capacity of an exchange or listing authority approved sponsor, (ii) acting as lead corporate finance adviser in a transaction involving the publication of an approved prospectus by an issuer admitted to trading on a Regulated Market, or (iii) acting for the offeror in a transaction for shares admitted to trading on an EU public market involving the production of a takeover offer document.

14. The **Exchange** will also take into account the number of individuals registered by the **FCA** to perform any relevant customer functions in relation to corporate finance advice for firms which are **FCA** authorised.
15. An **applicant** must provide details of any corporate finance personnel who have been subject to disciplinary or similar action (including adverse comment) by a regulator or law enforcement agency or has any unspent convictions in relation to indictable offences.

Requirement for Adequate Systems and Procedures

16. An **applicant** shall demonstrate to the satisfaction of the **Exchange** that it has adequate internal systems and procedures appropriate for the activities it proposes to conduct on the **AQSE Growth Market**.
17. In assessing the adequacy of an **applicant's** systems and procedures, the **Exchange** will have regard, *inter alia*, to the following matters:
- a. the corporate finance procedures implemented by the **applicant** in relation to the engagement of new **client issuers** and the process for determining their suitability for **admission** to the **AQSE Growth Market** (and more generally, relating to the process of admitting issuers to public markets);
 - b. the procedures in place to ensure proper management of any potential conflicts of interest, such as to ensure the independence of regulatory advice provided by the **applicant** to its **client issuers**;
 - c. the reporting lines of the **applicant** and its arrangements for the supervision of its staff; and
 - d. the record-keeping procedures of the **applicant**.

Requirement to have Compliance and Money Laundering Reporting Officers

18. An **applicant** shall demonstrate to the satisfaction of the **Exchange** that it has one or more identified employees who shall be competent to undertake the roles of the compliance officer and the money laundering reporting officer of the **applicant**. They must have sufficient experience and be authorised by the **FCA** or other appropriate regulator to carry out their respective functions. Such individuals should not be part of, nor be involved at any time in, the corporate advisory function of the **applicant** in relation to **client issuers**.

Guidance note on paragraph 18

The compliance officer and the money laundering reporting officer roles are deemed to be key appointments. The **Exchange** may consider submissions by an **applicant** that, having regard to the nature, scale and complexity of its business, and the nature and range of services it provides, it is not proportionate to exclude a compliance officer from any involvement in the corporate advisory function in the case of the particular applicant. In this context, the **applicant** will have to demonstrate to the satisfaction of the **Exchange** that its compliance function is effective, taking into account the extent of the compliance officer's involvement in the services or activities they monitor.

19. The role of the compliance officer shall include responsibility for advising the **applicant** and its employees on the application of the **Handbook** to that firm, and monitoring its ongoing compliance with the requirements of the **Handbook**. An **applicant's** compliance procedures should allow for appropriate independent oversight of its corporate advisory function.

Requirement to be able to Perform Required Activities and Responsibilities

20. An **applicant** shall demonstrate to the satisfaction of the **Exchange** that it is able to perform its required activities and responsibilities in accordance with applicable financial services legislation or regulation in any country in which it operates.

21. In assessing compliance with this requirement, the **Exchange** shall verify that the **applicant** is permitted to perform **Corporate Adviser** activities in accordance with a scope of permission granted by the **FCA** or other appropriate regulator. In the case of an overseas **applicant**, **AQSE** will require a copy of the permission or license entitling the **applicant** to carry on corporate finance activities in the UK.

22. In the UK, professional firms falling within the regulatory oversight of a Designated Professional Body may be eligible for approval as an **AQSE Corporate Adviser** but this will be assessed on a case by case basis by the **Exchange** having regard to the rules of such body from time to time.

Provision of Information

23. An **applicant** shall provide the **Exchange** with such information as the **Exchange** may reasonably require in order to allow **AQSE** to determine whether the **applicant** satisfies the requirements for membership.

24. **AQSE** will ordinarily request an **applicant** to submit a business profile setting out the nature of its anticipated activities, and invite the **directors** or key employees of an **applicant** to attend an interview to discuss its **application**.

25. By making an **application** for membership, an **applicant** authorises **AQSE** to make appropriate enquiries concerning the **applicant**, its **directors**, employees and **controller** and to obtain information from, and pass information to, any legal, regulatory or supervisory authority responsible for the oversight of the **applicant** or the investigation of financial crime.

Determination of Application

26. The **Exchange** may:

- a. grant an **application**;
- b. reject an **application**; or
- c. grant an **application** subject to such conditions as it considers appropriate.

27. The **Exchange** will determine an **application** as soon as reasonably practicable having regard to the review processes described above.

Notice of Decision

28. The **Exchange** shall, as soon as possible after reaching a decision on an **application**, give the **applicant** written notice of that decision.

29. Where an **application** is granted, the **Exchange** shall issue a **market notice** of the **applicant's admission** to membership.

30. In the case of the refusal of an **application**, the **Exchange** shall not be obliged to give reasons for its decision.

Permissioning of Activities as an AQSE Corporate Adviser

31. Where an **application** is granted, such membership approval is initially restricted to an **AQSE Corporate Adviser** acting for a maximum of ten **client issuers** at any one time. In the event that an **AQSE Corporate Adviser** intends to act for a greater number of **client issuers**, permission should be sought for the **Exchange** to extend approval to a maximum of 20 **client issuers** on the basis that the **AQSE Corporate Adviser** can comply with paragraphs 10 and 11 notwithstanding the greater number of **client issuers**. An **AQSE Corporate Adviser** is then required to seek further permission for **AQSE** to determine whether or not to extend approval beyond a maximum of 20 **client issuers** in respect of each additional ten **client issuers**.

Guidance note on paragraph 31

In respect of existing **AQSE Corporate Advisers**, the **Exchange** will continue to permit an **AQSE Corporate Advisor** to act for such number of **client issuers** as may exist at the time of implementing paragraph 31; however existing **AQSE Corporate Advisers** will be required to seek an extension of approval in line with the provisions of this paragraph of the **Handbook** before stepping through a relevant approval threshold (10, 20, 30, 40, 50 **client issuers** etc.).

PART 2

Membership obligations of AQSE Corporate Advisers

General Responsibilities

32. An **AQSE Corporate Adviser** is responsible to the **Exchange** for complying with the requirements of the **Handbook**, and in particular must:
- a. ensure, so far as is reasonably practicable, that a **client issuer** and its **securities** comply with the **AQSE Growth Market Rules** and are otherwise suitable to be traded on the **AQSE Growth Market** (on **admission** and on a continuing basis);
 - b. be available to advise a **client issuer** for which it acts at all times to ensure compliance with its responsibilities (under the **Rules** or otherwise);
 - c. ensure that due and careful enquiries have been made to ensure that the information provided to the **Exchange** on behalf of the **issuer** for the purpose of an application for **admission** is accurate and complete;
 - d. liaise with the **Exchange** on behalf of a **client issuer** in relation to any request for the suspension, restoration or withdrawal of its **securities**;
 - e. liaise with a **client issuer** (and the **Exchange** where necessary) to ensure that the **issuer** is able to meet its financial reporting timetable;
 - f. act with due care, skill and competence at all times in complying with the requirements of the **Handbook**; and
 - g. in addition to compliance with the requirements of the **Handbook**, an **AQSE Corporate Adviser** must observe its wider responsibilities and is required to conduct its affairs to avoid impairing the reputation and integrity of the **AQSE Growth Market**.

Determination of Issuer Suitability

33. **Issuers** seeking **admission** to the **AQSE Growth Market** are required to appoint an **AQSE Corporate Adviser** and must retain an **AQSE Corporate Adviser** at all times thereafter. An **AQSE Corporate Adviser** is responsible to **AQSE** for determining the suitability of a **client issuer** for **admission** to the **AQSE Growth Market** and for determining that following **admission** a **client issuer** and its **securities** continue to comply with the **AQSE Growth Market Rules** and applicable regulatory obligations and are otherwise suitable to be traded on the **AQSE Growth Market**.
34. An **AQSE Corporate Adviser** should perform satisfactory due diligence in accordance with the **AQSE Practice Note on Due Diligence** and suitability checks for both **issuers** applying for **admission** and **issuers** admitted to trading appointing a new **AQSE Corporate Adviser**.

Guidance note on paragraph 33 and 34

With respect to **issuers** admitted to trading appointing a new **AQSE Corporate Advisor**, in determining suitability an **AQSE Corporate Advisor** may rely on information contained in the **issuer's** historic prospectus, **admission document**, circulars and regulatory announcements but only to the extent that it is able to establish that the information contained in such documents was appropriately verified at the time of publication and there is no reason to believe that a significant change has occurred.

Applications for Admission

35. With respect to applications for **admission** an **AQSE Corporate Advisor** must oversee the due diligence process with respect to **issuers** to ensure that appropriate legal and financial due diligence is undertaken by appropriate professional advisers having regard to the circumstances of the **issuer**.

An **AQSE Corporate Advisor** should, where applicable:

- a. agree the scope of work and due diligence undertaken by an **issuer's** professional advisers;
- b. agree the scope of comfort letters and due diligence reports;
- c. agree the assumptions and sensitivities of the assessment of working capital; and
- d. review due diligence reports and comfort letters to determine that any identified material issues that may impair an **issuer's** suitability are resolved prior to submitting an application for **admission**. An **AQSE Corporate Advisor** should (where appropriate) challenge work done by an **issuer's** professional advisers.

36. An **AQSE Corporate Advisor** should scrutinise and play a lead role in the drafting of sections of an **issuer's** prospectus or **admission document** relating to the **issuer's** business and the risk factors.

Issuer's Understanding of Responsibilities

37. An **AQSE Corporate Advisor** should ensure that satisfactory guidance and advice has been provided to the **directors** of the **client issuer** to ensure proper understanding of their responsibilities (under the **AQSE Growth Market Rules** or otherwise).

Guidance note on paragraph 37

An **AQSE Corporate Adviser** must adopt an approach which is appropriate to the circumstances of an **issuer** and its **directors** but ordinarily will be expected to provide a briefing or presentation concerning the **directors'** responsibilities under the **Rules**, applicable company legislation, Prospectus Rules (as defined in the **Rules**), Disclosure and Transparency Rules, Takeover Code (if applicable), applicable financial crime, **market abuse regulations**, anti-money laundering, anti-bribery and corruption legislation. This should be provided in relation to new directors appointed by an **issuer**. In particular, an **AQSE Corporate Adviser** should ensure that a **client issuer** is aware of the timetable for periodic announcements, such as interim and full-year financial results, and the **closed periods** relating to that timetable.

Declaration

38. If an **AQSE Corporate Adviser** submits an application for **admission** on behalf of an **issuer** or alternatively is appointed by an **issuer** admitted to trading as the **issuer's** new **AQSE Corporate Adviser**, it is required to submit a **declaration** in the form prescribed at **Appendix B**.

Provision of Advice and Guidance

39. An **AQSE Corporate Adviser** is required to be available at all times to advise **client issuers** on the application of the **AQSE Growth Market Rules**. Arrangements should therefore be made for regular and effective lines of communication between an **AQSE Corporate Adviser** and its **client issuers**, such that any regulatory queries can be addressed promptly when they arise.

Guidance note on paragraph 39

A firm should consider whether specific regulatory "checkpoints" would be likely to be beneficial, such as the routine review of regulatory announcements and circulars to shareholders prior to their release (without affecting the **issuer's** principal responsibility for the content of such announcements) and attendance at **client issuers'** board meetings where regulatory matters are under consideration.

Conflict of Interest

40. An **AQSE Corporate Adviser** must take all reasonable steps to identify and manage conflicts of interest that could adversely affect its ability to perform its functions properly in accordance with this Handbook.

41. Regulatory Conflicts

Conflicts of interest may occur when an advisor's interests or obligations to clients clash with their duties to the **Exchange**. Such conflicts, referred to as regulatory conflicts, may arise

when there is a conflict between an **AQSE Corporate Advisor's** obligations to the **Exchange** and the terms of their engagement with a client, or any express or implied duties towards the client. **AQSE Corporate Advisor's** must remain vigilant at all times, recognising the potential for conflicts between their responsibilities to their clients and their obligations to the **Exchange**.

42. Perceived Conflicts of Interest

AQSE Corporate Advisors must also take into account circumstances that could create a perception in the market that they are unable to perform their functions properly (the "perception test"). This test evaluates broader market confidence issues related to conflicts of interest.

AQSE Corporate Advisors must assess potential perceived conflicts of interest through the perspective of a theoretical reasonable market user. This user possesses general knowledge about the transaction and primary markets. In the event the **AQSE Corporate Adviser** is providing services in a specific transaction, the assessment should consider the transaction's nature, size, context, existing and proposed lending/financing arrangements, and the advisor's relationships with the **issuer**.

~~40. An **AQSE Corporate Adviser** should operate appropriate procedures to manage effectively any potential conflict of interest, such as to ensure the independence of the regulatory advice it provides. In particular, an **AQSE Corporate Adviser** and any member of a group of which it forms part must not:~~

- ~~a. act for any other party to a transaction or take-over in which a **client issuer** of the **AQSE Corporate Adviser** is involved;~~
- ~~b. act as either solicitor or auditor for a **client issuer** unless the **AQSE Corporate Adviser** has satisfied the **Exchange** that appropriate safeguards against conflicts of interest are in place; and~~
- ~~c. permit any partner, **director**, employee or consultant to hold the position of a **director** of a **client issuer**.~~

~~41. Due regard should also be had to the effects of any shareholdings an **AQSE Corporate Adviser** has in its **client issuers**. By way of guidance, the **Exchange** would normally regard it as unacceptable for:~~

- ~~a. an **AQSE Corporate Adviser**;~~
- ~~b. any member of a group of companies of which the **AQSE Corporate Adviser** forms part; and~~
- ~~c. any employees, **directors**, **family** or **connected persons** of such entities to hold, directly or indirectly (including share options), in aggregate more than ten per cent of **client issuer's securities**.~~

~~The **Exchange** shall also have regard to the shareholding in **client issuers** of any **controller** of the **AQSE Corporate Adviser** or its parent company. In case of doubt, an **AQSE Corporate Adviser** should consult the **Exchange**.~~

~~42. Furthermore, an **AQSE Corporate Adviser** must not deal in its **client issuer's securities** except in accordance with the code of dealing adopted by the **issuer** as required by the **AQSE Growth Market Rules**. In addition, all **directors** and members of staff involved in carrying out the corporate adviser function are deemed to have special knowledge of their **client issuers** who have been admitted to the **AQSE Growth Market**. Consequently, neither they nor any **family** or **connected persons** should, whether as principal or agent, acquire an **issuer's securities** once it has become a **client issuer** of their firm and may not deal in the **securities** of such **issuer** acquired before that time except in accordance with the code of dealing adopted by the **issuer** as required by the **AQSE Growth Market Rules**.~~

Liaison with the Exchange

43. An **AQSE Corporate Adviser is required to liaise with the **Exchange** as soon as practicable in relation to:**

- a. any proposed request for, or other circumstances which might require, the suspension of trading of an **AQSE Growth Market client issuer**; or**
- b. any proposed request for restoration or cancellation of the **securities** of a **client issuer** on the **AQSE Growth Market**. In addition, from time to time, it may be necessary for the **Exchange** to request that an **AQSE Corporate****

Adviser assists its enquiries in relation to any unusual movements in the share price of a **client issuer**; or

eb. any information previously provided to the **Exchange** which has come to its attention as being incorrect or incomplete or otherwise misleading; or

ec. if it believes that its **client issuer** has breached the **AQSE Growth Market Rules**; or

ed. if it believes that its **client issuer** is no longer suitable to retain its trading facility.

44. All communications between the **Exchange** and an **AQSE Corporate Adviser** are confidential to the **Exchange** and should not be disclosed, except as required by any other regulatory or statutory body. Such communications can be disclosed to appropriate advisors to the **AQSE Corporate Adviser** or to the relevant **AQSE issuer**, unless the **Exchange** states otherwise.

Record Keeping

45. **AQSE Corporate Advisers** are required to operate effective record-keeping procedures, such as to provide an audit trail of advice provided to **client issuers**. A firm's procedures should ensure that records are retained for a minimum period of three years, or such longer period as may be required under wider law or regulation applicable to the firm.

Provision of Information

46. If necessary for the performance of its responsibilities as the market operator, the **Exchange** may require an **AQSE Corporate Adviser** to provide it with information within its possession or control in relation to **AQSE** regulatory activities pertaining to the **AQSE Growth Market**. An **AQSE Corporate Adviser** should ensure that its procedures allow for full co-operation with any regulatory enquiries conducted by the **Exchange**.

47. The **Exchange** may decide to conduct a compliance visit to the offices of an **AQSE Corporate Adviser**. The purpose of the visit is to review the practical application of the firm's procedures and to assess whether the firm has discharged its obligations as an **AQSE Corporate Adviser** pursuant to the **Handbook**, through an assessment of a selection of recent transactions and ongoing correspondence files. The visit also provides a forum for discussion on any key regulatory issues currently affecting the **AQSE Growth Market**. An **AQSE Corporate Adviser** should therefore co-operate with **AQSE** in arranging such visits, including making key corporate finance and compliance personnel available to participate.

Continuing obligations of membership

48. Every **AQSE Corporate Adviser** is subject to the general continuing obligations of membership set out in Appendix A of this **Handbook**.

Discipline

49. Where an **AQSE Corporate Adviser** has breached its responsibilities under the **Handbook**, the **Exchange** may impose one or more of the following disciplinary sanctions:

- a. a private reprimand;
- b. a public censure;
- c. a fine of up to £100,000;
- d. restrictions on the **AQSE Corporate Adviser's** business activities on the **AQSE Growth Market**; and
- e. the suspension, variation or withdrawal of the **AQSE Corporate Adviser's** membership; and
- f. publication of such sanction and the reasons for it.

Guidance note on paragraph 49

The **Exchange** will adhere to the process set out in the **AQSE Disciplinary Procedures**.

Appendix A: Continuing Obligations of Membership

Requirement for Competent Employees

- A3 Paragraphs 10 to 15 (requirement for competent employees) in Part 1 of this **Handbook** shall be observed at all times. If at any time there are insufficient staff to satisfy these requirements, or there is a departure of a key member of staff or the **AQSE Corporate Adviser** becomes aware of any information which might have a bearing on its continuing membership, the **AQSE Corporate Adviser** must inform the **Exchange** forthwith, at which time the **Exchange** may determine in its sole discretion whether the firm's activities be suspended or its membership be withdrawn.

Change of Controller and Management

- A8 An **AQSE Corporate Adviser** shall, insofar as possible, notify the **Exchange** as soon as possible in writing that a person is to become, or cease to be:

- b. a partner, **director** or compliance officer of the **AQSE Corporate Adviser**, specifying the proposed effective date of the change.

Changes in the **controller**, partners or **directors** may lead to the **Exchange** requiring the **AQSE Corporate Adviser** to re-apply for membership.

Mergers/Takeovers

- A.9 Where an **AQSE Corporate Adviser** merges or is taken over by a non-member firm, **AQSE** reserves the right to request the **AQSE Corporate Adviser** to submit a new membership **application** if there is a material change to the **controller**, partners or **directors** of the firm concerned or its business activities.

Sums Due to AQSE

- A.11 All fees due to the **Exchange** must be paid in a timely manner and any failure to do so may lead to membership being suspended or terminated. This may result in the **AQSE Corporate Adviser's client issuers** who have been admitted to the **AQSE Growth Market** being suspended if they are not able to find a replacement **AQSE Corporate Adviser** within the time span prescribed by the **AQSE Growth Market Rules**.

Contravention of Handbook, Regulatory Enquiries and Determination of Continued Suitability for Membership

- a. its failure to comply with any requirement of membership;
 - b. any contravention of the **Handbook**; or
 - c. any other fact or matter material to the **AQSE Corporate Adviser's** suitability for membership.

Events notified pursuant to this rule may result in the **Exchange** withdrawing the **AQSE Corporate Adviser's** membership of the **Exchange** in accordance with A.15 below.

- A.13 An **AQSE Corporate Adviser** shall provide the **Exchange** with such information as the **Exchange** may reasonably require in order to allow the **Exchange** to determine whether the **AQSE Corporate Adviser** remains eligible to retain its membership. In this connection **AQSE** may require the **directors** or key employees of the **AQSE Corporate Adviser** to attend an interview to discuss the matter.
- A.14 By virtue of its membership, an **AQSE Corporate Adviser** authorises the **Exchange** to make appropriate enquiries concerning it, its employees and **controller** and to obtain information from, and pass information on to, any legal, regulatory or supervisory authority responsible for the oversight of the firm or the investigation of financial crime.

Suspension or Withdrawal of Membership

- A.15 In the event that an **AQSE Corporate Adviser** no longer complies with any requirement of membership or is no longer fit and proper to retain its membership, the **Exchange** may impose on it such requirements or restrictions on its activities as the **Exchange** may in its discretion consider appropriate. In addition, the **Exchange** may suspend or withdraw its membership.
- A.16 The **AQSE Corporate Adviser** will be notified of any action proposed to be taken by the **Exchange** in accordance with this **Rule** in writing and the **AQSE Corporate Adviser** concerned may, within ten business days of being notified of the decision of the **Exchange**, refer the decision to the **Exchange** disciplinary committee. The **Exchange** may publish details of such action taken by **market notice**.

Resignation of Membership

- A.17 An **AQSE Corporate Adviser** may, with the agreement of the **Exchange**, resign its membership by giving not less than three months' prior written notice. The **Exchange** may waive all or part of the notice period, may postpone the effective date of resignation or may impose such other measures that it considers necessary for the protection of investors or the integrity of the **AQSE Growth Market**. An **AQSE Corporate Adviser** shall supply the **Exchange** with such information concerning the circumstances of the resignation as shall, in the opinion of the **Exchange**, be necessary for it to determine whether to exercise its powers under this rule.

Continuing Obligations of Members after Cessation of Membership

- A.18 Any **AQSE Corporate Adviser** ceasing to be an **AQSE Corporate Adviser** (a "former member") shall remain responsible for its conduct whilst an **AQSE Corporate Adviser** and subject to the **AQSE Growth Market Rules** for a period of
