#### Footnotes

- 1 Fees per User are applicable to professional users only. Unit of count for billing purposes is based on the number of terminals/devices. Aquis ensures through a bi-annual reconciliation process that individual users are charged only once when they access display data via multiple re-distributors.
- 2 Aquis segments encompass AQXE, AQEU and AQSE.
- 3 Direct receipt and Non-Display Data include Level 2 pre trade information.
- 4 Member Firms include participants paying either a trading subscription fee or designated liquidity providers on AQXE and AQEU. Any fee exemptions only apply for the market segment of membership.
- 5 Members' Non-Display Data fees will be based on the subscription tier they have been in for the majority of the previous twelve calendar months.
